

SPAIN INTERNSHIP SERVICE DESCRIPTION AND CLAUSES.

Spain Internship has been connecting students, companies and universities since 2009.

Our premium service offers an opportunity to those students who are not able to get an internship by themselves or need really specific requirements, offering them a personal, customized solution. One of our agents will take care of the whole process and upon acceptance of the request, will commit to arrange an internship with the required conditions.

The mediation service is fully customized, therefore, you have to submit your request filling in your requirements being necessary to be accepted by both parties.

We work in a pay per success basis, so you only pay once the internship is set and your documentation is ready.

THE PROCESS

- **Complete this service agreement.** Fill in this document and send it to us with the requirements. Once we accept your request you should pass to the next step.
- **Payment of deposit.** To start our research we require you to pay a deposit of 100€ that will be given back in case we do not find a suitable internship for you. Make the transfer with your name as a concept to:

Recipient: STUDENT MOBILITY SLU

Account information: IBAN: ES41 0049 1441 0922 1002 9566

BIC:BSCHESMMXXX

Name of the bank: Santander Bank

Address: Avenida Lope de Rueda, 108 Málaga

- **Interviews.** Once we receive your deposit, one of our agents will personally take care of your application. Once we have an internship fitting your requirements we will set up an interview.
- **Payment and documentation.** Once all the requirements are met and the company accepts you for the placement, you need to pay the rest of the fee of 390 € to make a total price of 490 € to the same account provided previously. At this point, we will take care of helping with the paperwork with your university/school and the company so we make sure everything is arranged on time.

- **Other issues.** If you need to apply for a Visa or you need housing advice we will arrange it at this step.

In case you are required to obtain the NIE or other legal documents, we will help you with the process. However, we are not legally responsible for issues related to personal documentation. It is the student's responsibility to inform themselves about the exact documentation needed to complete the internship and make sure that they have enough time to obtain it.
